

Faculty Position
in Neuroscience, Cell Biology, Development, or Evolution of Zebrafish
University of Oregon

The **Department of Biology** at the University of Oregon seeks to fill an open-rank, tenure-related faculty position as early as Fall 2015. We are particularly interested in candidates using zebrafish to address fundamental questions in neuroscience, cell biology, developmental biology, and evolution, but we invite applications from candidates using zebrafish to investigate any fundamental biological processes. Successful candidates will complement the existing strengths of our internationally-recognized zebrafish group, have an outstanding research program, and demonstrate a clear commitment to excellence in teaching. The successful candidate will support and enhance a diverse learning and working environment. Ph.D. required. Applications accepted online for the University of Oregon ZEBRAFISH SEARCH at <https://academicjobsonline.org/ajo/jobs/4641>. Applicants should submit a cover letter, a curriculum vitae including a publication list, a statement of research accomplishments and future research plans, a description of teaching experience and philosophy, and three letters of recommendation. Submission of 1-3 selected reprints is encouraged. To be assured of consideration, application materials should be uploaded by November 10, 2014, but the search will remain open until the position is filled.

The University of Oregon is an equal opportunity, affirmative action institution committed to cultural diversity and compliance with the ADA. The University encourages all qualified individuals to apply, and does not discriminate on the basis of any protected status, including veteran and disability status.
